

Although every effort has been made to ensure accuracy and sufficient data on this set of plans it is up to the contractor to check and verify all dimensions and details. It is also the contractors responsibility to ensure all aspects meet National Building code guidelines. The drafter shall not be held liable should there be an oversight on drafted plans. Contractor is also responsible that all load bearing points, window egress sizes and setbacks are done in accordance with all applicable building codes.

SOFTPLAN
ARCHITECTURAL DESIGN SOFTWARE

A circular callout box is shown. The top half of the circle contains the letter 'A'. The bottom half of the circle is divided into two equal vertical sections, each containing the number '1'. An arrow points from the text 'SECTION LETTER' to the top half of the circle. Another arrow points from the text 'PAGE NUMBERS' to the bottom half of the circle.
